

## NSW In-home Childcare Services:

- Aims to support the growing number of parents who are trying to balance work and family commitments. It offers great flexibility in hours of child care especially to those families whose needs are not being met by current services.
- Outsource to Services who meet best practice requirements.
- Is funded by the Commonwealth Government, sponsored by the NSW Family Day Care Association and managed through the support of In-home Childcare Service Providers who have a team of experienced professional child care staff and registered Carers who are trained to provide best practice care in the home of the family requiring care.
